***Mrs. Peanuckle's Earth Alphabet*** by Mrs. Peanuckle; art by Jessie Ford. New York : Rodale Kids, 2023.

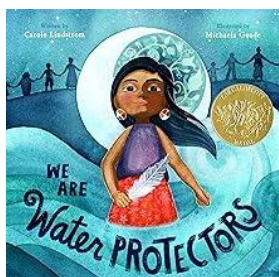

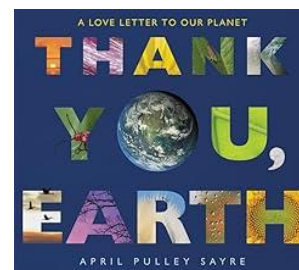

(j board)QB631.4 .P426 2023. Showcasing twenty-six natural-world experiences, this A-Z exploration of our planet reveals what makes the Earth so special and all the important ways we can protect our home from climate change.

***My Friend Earth*** by Patricia MacLachlan ; illustrated by Francesca Sanna. San Francisco : Chronicle Books, 2020. (j)QB631.4 M3 2020. Die-cut pages invite readers to explore how Earth is a friend to all creatures, watching over us as the year cycles through the seasons. Celebrates fifty-year anniversary of Earth Day.

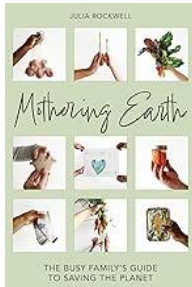

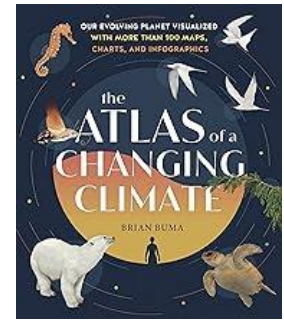

***Thank You, Earth: A Love Letter to Our Planet*** by April Pulley Sayre. New York, NY : Greenwillow Books, c2018.

(j)QB630 .Sa99 2018. A love letter to the Earth shares striking photographic images from around the world that introduce such concepts as nature and science. Includes notes from the author about related activities and resources.

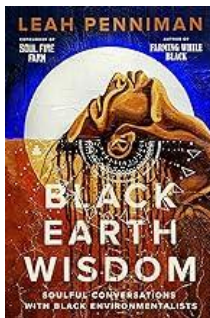

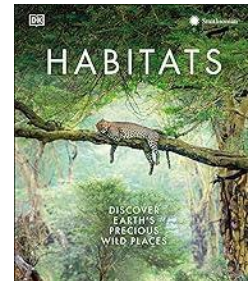

***We Are Water Protectors*** by Carole Lindstrom ; illustrated by Michaela Goade. New York, NY : Roaring Book Press, 2020. (j)QH541.5.W3 L56 2020. Water is the first medicine. It affects and connects us all ... When a black snake threatens to destroy the Earth and poison her people's water, one young water protector takes a stand to defend Earth's most sacred resource.

***The Atlas of a Changing Climate: Our Evolving Planet Visualized with More Than 100 Maps, Charts, and Infographics*** by Brian Buma. Portland : Timber Press, 2021. QC903 .B86 2021. The global scale of climate change often feels beyond our comprehension. In *The Atlas of a Changing Climate*, ecologist Brian Buma helps us envision--both literally and figuratively--the history, present, and possible futures of the imperiled ecosystems directly influencing our lives.

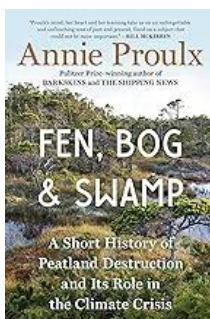

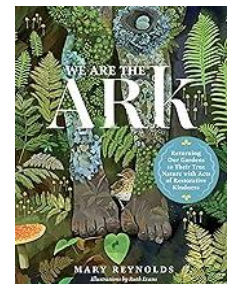

***Mothering Earth: The Busy Family's Guide to Saving the Planet*** by Julia Rockwell. Watertown, MA : Charlesbridge, 2023. QH75 .R63 2023. A powerful and practical guide for how we can individually make small shifts and daily choices to collectively create a more just, equitable world for our children and for generations to come.

***Habitats: Discover Earth's Precious Wild Places*** lead author Derek Harvey. New York, NY : DK Publishing, 2023. (ref)QH541 .H262 2023. Take a journey through Earth's most amazing ecosystems, from icy seas and tropical rainforests to arid deserts and hostile mountains. And as you go, discover how animals and plants adapt to their environment and each other.

***Black Earth Wisdom: Soulful Conversations with Black Environmentalists*** edited by Leah Penniman. New York, NY : Amistad, an imprint of HarperCollinsPublishers, 2023. QH81 .B52 2023. A soulful collection of illuminating essays and interviews that explore Black people's spiritual and scientific connection to the land, waters, and climate, curated by the acclaimed author of *Farming While Black*.

***We Are the Ark: Returning Our Gardens to Their True Nature Through Acts of Restorative Kindness*** by Mary Reynolds ; illustrations by Ruth Evans. Portland, Oregon : Timber Press, Inc., 2022. SB472.9.A1 R334 2022. *We Are the Ark* asks readers to have a sweeping change of vision for our relationship with our gardens. To inspire people to look at what we can do for the earth and all her kin, rather than seeing our patches of the planet as 'outdoor rooms' for our pleasure or 'blank pallets' for our creative visions.

***Fen, Bog & Swamp: A Short History of Peatland Destruction and its Role in the Climate Crisis*** by Annie Proulx. New York : Scribner, 2022. QH541.5.M3 P76 2022. From Pulitzer Prize winner Annie Proulx--whose novels are infused with her knowledge and deep concern for the earth--comes an urgent and riveting history of wetlands, their ecological role and how the loss of them threatens the planet.
